☐ Node.js  
18.20.3-1

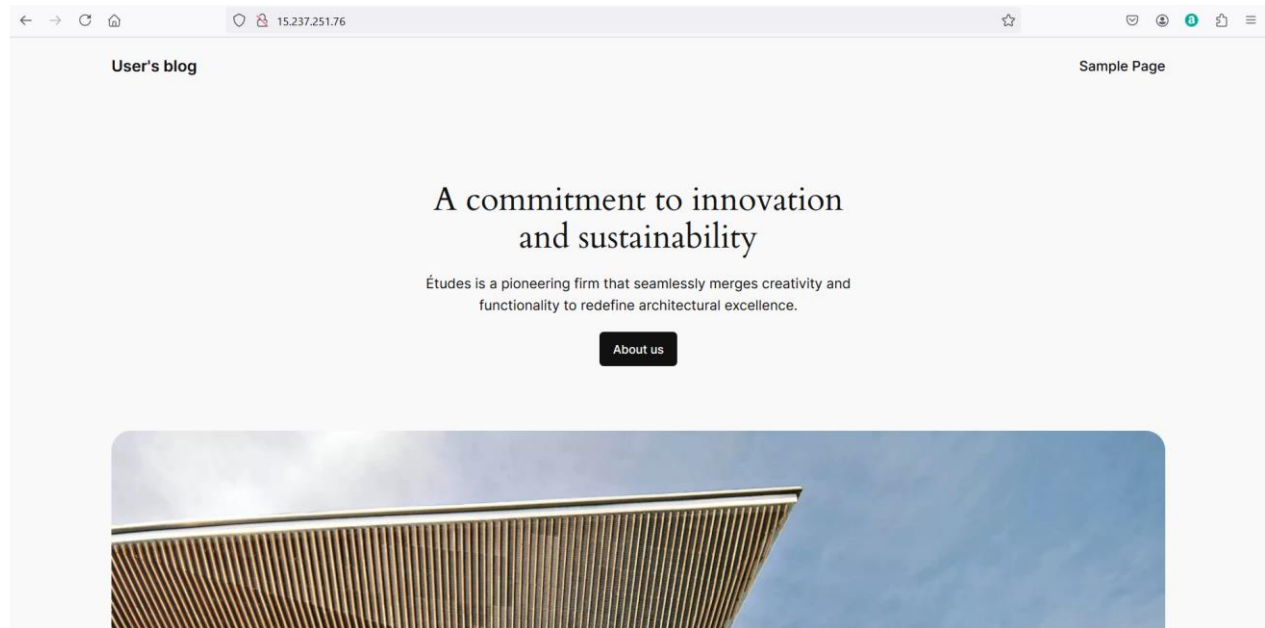

## b. Choix de la technologie (ici WordPress)

The screenshot shows the Amazon Lightsail console. The left sidebar contains navigation links: Instances, Containers, Databases, Networking, Storage, Domains & DNS, Snapshots, Exports, and Documentation. The main area displays a 'Good afternoon!' greeting and a search filter. Below, a table lists instances, with one instance named 'WordPress-kangulungu' in a 'Pending' state. The instance details include 2 GB RAM, 2 vCPUs, 60 GB SSD, and its IP address 15.237.251.76. A 'Create Instance' button is visible.

Instance Name	Status	IP Address	Location
WordPress-kangulungu	Pending	15.237.251.76	Paris, Zone A

## i. Navigation sur l'url : http://15.237.251.76 (Site web créé)

The screenshot shows a web browser displaying a website at the IP address 15.237.251.76. The website has a header with 'User's blog' and 'Sample Page'. The main content area features the text 'A commitment to innovation and sustainability' and 'Études is a pioneering firm that seamlessly merges creativity and functionality to redefine architectural excellence.' Below this is an 'About us' button. The footer shows a large image of a modern building facade.

## j. Page d'administration de site WordPress (<http://15.237.251.76/wp-admin/>)

The screenshot shows the WordPress admin dashboard in a web browser. The address bar indicates the URL <http://15.237.251.76/wp-admin/>. The dashboard features a dark sidebar on the left with navigation links: Home, Updates (4), Jetpack (1), Posts, Media, Pages, Comments, Appearance, Plugins (4), Users, Tools, Settings, and Collapse menu. The main content area is titled 'Dashboard' and displays a large 'Welcome to WordPress!' message with a link to [Learn more about the 6.5.5 version.](#). Below this, there are three columns of information: 'Author rich content with blocks and patterns' (with a link to [Add a new page](#)), 'Customize your entire site with block themes' (with a link to [Open site editor](#)), and 'Switch up your site's look & feel with Styles' (with a link to [Edit styles](#)). At the bottom, there are two widgets: 'Site Health Status' (showing 'No information yet...') and 'Quick Draft' (with a text input field for the title).
